

GG's KNOT FOR TYING QUILTS

Directions are similar to square knot:

1. **Right over left.** (Start with first half of square knot.)
2. **Left over right. Again, left over right.**
(Second half of square knot - wrap once, then wrap a second time.)
3. **Makes the knot really sturdy, tidy, and tight.** Slowly pull tight!

This knot is less likely to untie than a square knot, which typically unties with use.
